WHO WE ARE

Stanley Packaging is a family-owned business that was founded in 2010 out of a backyard shed. Today, it has grown to become a leading supplier of packaging materials in Melbourne, Victoria, and serves individuals and businesses large and small across Australia. We now primarily operate out of our warehouse and office in Dandenong South.

Our mission is to help our clients with their everyday packaging supplies. This is led by our understanding of your needs that leads us to provide a simple, affordable and hassle-free experience when it comes to sourcing packaging supplies across Australia.

We are driven to providing competitive prices, quick delivery times and outstanding customer service to all our customers. Our business has a tightly knit team that aims to serve our customers' needs with high-quality products.

We also increasingly offer a wide suite of environmentally sustainable products to help you reduce your carbon footprint, and to have forward thinking, socially and environmentally conscious business practices.

We want to ensure that your interactions with Stanley Packaging staff will reflect the value that we place on teamwork, respect, and delivering great customer value, putting you at the core of everything we do.
